

S N Pandit Ayurveda

PROMOTING HEALTH & WELLNESS THROUGH AYURVEDA SINCE 1928

S N Pandit Ayurveda is a group of institutions
under the Ayurveda fraternity offering comprehensive
Ayurvedic healthcare solutions under one roof.

About S N Pandit Ayurveda

Vaidya S N Pandit founded S N Pandit and Sons in 1930 with an Ayurvedic clinic and a medicine manufacturing unit, and to this day, with the help of promoters, S N Pandit has spread its wings and marked its footprints in various sectors of Ayurveda.

Over the years, S N Pandit has added multiple feathers to its hat in the form of S N Pandit Ayurvedic Company Pvt Ltd –an Ayurvedic medicines manufacturing company , S N Pandit Health care services-Ayurveda clinic and hospital, S N pandit Prabhashanam –An Ayurvedic finishing school and S N PanditArogyasiri Ayurveda – and Ayurvedic Panchkarma hospital.

From 1970 onwards, we at S N Pandit decided to make their products and services more accessible and started manufacturing on a commercial scale. It gives us great joy to see Ayurveda become a lifestyle choice for thousands of people around the world. We believe that it is our responsibility to contribute to this growing world of Ayurveda consciousness and provide safe, efficacious medicines. We also have a healthcare division to cater to the needs of patients for consultation and prescription.

Creating a better world, one Ayurvedic remedy at a time

The word Ayurveda, which means "knowledge of life" in Sanskrit, serves as a reminder of the intricate interdependence of all living things. The art and science of Ayurveda work to balance our internal and external worlds with a particular emphasis on total wellness. At the S N Pandit Prabhashanam finishing school, we prepare aspirants of Ayurveda practice with the experiences, insight, and soft skills required to take this ancient discipline out into the world.

S N Pandit Ayurveda is on a mission to make authentic Ayurvedic remedies easily accessible to one and all. The age-old Ayurvedic recipes of Vaidya S N Pandit have been a safely kept secret for close to a century. The team at S N Pandit Ayurveda strives to keep these traditional remedies relevant in modern times, to ensure that everyone gets an opportunity to experience authentic Ayurveda in all its glory through time-tested and genuine products that deliver beyond expectations.

Avaleha

"Avaleha" is a special class of ayurvedic preparations used both as curative as well as palliative medicine. These are generally prepared by boiling kashaya (decoctions) or swarasa (juice of fruits/leaves) with sugar or jaggery and some admixtures like ghee (clarified butter) and choorna (power) are added to get a semisolid form which should not stick to hand.

"Avaleha" or "Lehyam" is the specialty product of S N Pandit Ayurvedic co Pvt Ltd and we are proud to say that the Brand "S N pandit" is synonymous with the quality

Some of the salient features of our Avaleha

- Prepared strictly in accordance with the quality and as told in the ayurvedic classics
- Do not contain any preservatives like our competitors.
- Our Avalehas do not stick to hand.
- Do not contain any artificial coloring, flavoring substances, and any other artificial additives.
- Extremely palatable
- No Artificial Chemicals Additive Added

Aswagandhadi Rasayana

Ref: Ayurvedic Proprietary Medicine

Main ingredients: Aswagandha (Withania somnifera), Shunti (Zingiber officinale), pippali (Piper longum), Draksha (Vitis vinifera), maricha (Piper nigrum), Tagara (Valeriana wallichii), Ushira (Vetiveria zizanioides), Lavanga (Syzygium aromaticum), Chavya (Piper retrofractum), Chitraka (Plumbago zeylanica), Kachora (Hedychium spicatum), Ghee, sugar

Aswagandhadi Rasayana is the drug of choice for neuromuscular disease, degenerative bone, and joint disorders & stress-related diseases. It is very useful in neuromuscular and degenerative disorders like osteoarthritis, lumbar and cervical spondylosis and back pain. Regular usage helps strengthen the back and reduces pain. Aswagandhadi Rasayana is beneficial in fatigue and weakness and is beneficial in erectile dysfunction.

Gentle application of medicated oils like S N Pandit- Bala Aswagandha Lakshadi Taila or Dhanvantra Taila or Maha Kanaka Taila in cases of osteoarthritis or other similar degenerative disorder is found to be very beneficial.

Available in sizes: 200 gm, 400 gm, 1 kg

Badami Rasayana

Ref: Ayurvedic Proprietary Medicine

Main ingredients: Badama (Prunus dulcis), Draksha (Vitis vinifera), Kesari (Crocus sativus), Kokilaksha seeds (Asteracantha longifolia), Safed musali (Chlorophytus tuberosum), Ela (Elettaria cardamomum), Kapikacchu (Mucuna pruriata), Bahman red (Salvia hematodes), Kukutanadatwak bhasma, Vanga bhasma, Ghrita - Ghee, Sugar - Sharkara

Badami Rasayana is an excellent supplement to address male sexual problems. Kapikacchu (Mucuna seed) is one of the most efficacious drugs in the treatment of sexual disorders. Badami Rasayana is found to be effective in oligospermia, nocturnal emission, spermatorrhoea, and premature ejaculation. Regular usage removes sexual debility and revitalizes sperm, increasing sperm quality and quantity.

Dose: 5-10 gms twice daily with milk

Bhavana Jeeraka Rasayana

Ref: Ayurvedic Proprietary Medicine

Main ingredients: Dadima (Punica granatum), Shunti (Zingiber officinale), Musta (Cyperus rotundus), Usira (Vetiveria zizanioides), Pippali (Piper longum), Nagakesara (Mesua ferrea), Kasturinisha (Curcuma aromatica), Sariva (Hemidesmus indicus), Hribera (Coleus vetiveroides), Jeeraka (Cuminum cyminum), Paste of Draksha (Vitis vinifera), Sharkara, Juice of Jambheera (Citrus limon), Iravata (Citrus aurantium), Ghee

Bhavana Jeeraka Rasayana rectifies the deranged pitta and improves digestive fire (Agni). It is beneficial in treating hyperacidity (Amlapitta), indigestion, constipation, sour belching, and giddiness (Brahma) due to aggravated pitta, and urticaria (Sheetapitta). It is also beneficial in headaches due to hyperacidity. Fed with an appropriate dose of Suvirechan or Triphala choorna at bedtime.

Note: Not to be taken with milk.

Available in sizes: 200 gm, 400 gm, 1 kg

Bheemashakti Rasayana

Ref: Ayurvedic Proprietary Medicine

Main ingredients: Kesari (Crocus sativus), Badam (Prunus dulcis), Pista (Pistacia vera), Chiranj (Buchanania lanzan), Akrot (Juglans regia), Draksha (Vitis vinifera), Kramuka (Areca catechu), Chandana (Pterocarpus santalinus), Ushira (Vetiveria zizanioides), Shatavari (Asparagus racemosus), Punjiamiri (Eugenia compestris), Vamsa (Babus bambos), Shunti (Zingiber officinale), Pippali (Piper longum), Safed musali (Chlorophytus arundinaceum), Musali (Chlorophytus tuberosum), Kantalahabhasma, Vang-abhasma, Pravalabhasma, juice of Kooshmanda (Benincasa hispida), Narikela (Cocos nucifera), Sugar – Sharkara, Ghee – Ghrita.

A unique combination featuring the goodness of Rasayana and Vajikarana properties (aphrodisiacs). It is also Usna Shamaka (reduces increased heat), Vidyavardhaka (increases potency) and Raktavardhaka (haematinics). It works wonders in erectile dysfunction, enhances sperm count, and strengthens the body and mind. It is recommended for students and workaholics. It also helps in weight gain. Many local vaidyas and hakims (doctors) have used this medicine to treat many diseases. It is used in infertility (both male & female), general debility, and paralysis. It is an excellent supplement for sports enthusiasts.

Dose: 5-10 gms with milk twice daily.

Available in sizes: 200 gm, 400 gm, 1 kg

Chyavanaprasha - Astavargayukta

Main ingredients: -Amalaki (Embllica Officialis), Pippali (Piper longum), Nagakesara (Mesua ferrea), Paste of Draksha (Vitis vinifera), Kesari (Crocus sativus), Sugar – Sharkara, Ghrita – Ghee, Roots of dashamoola, Ashtavarga, karkataka Sringi (Pistacia Chinensis), Guduchi (Tinospora cordifolia), Kamala kesara (Nymphaea alba), Bhurymalaki (Phyllanthus fraternus), Musali (Chlorophytus tuberosum), Gajapippali (Scindapsus Officialis), Vasaka (Adatoda vasica), Shatavari (Asparagus racemosus), Chandana (Pterocarpus santalinus), Kamalapatra (Nelumbo nucifera)

Chyavanaprasha - Astavargayukta is one of the most acclaimed polyherbal compounds explained in the text as a potent Rasayana. Chyavanaprasha- Astavargayukta has been carefully prepared using the most potent drugs to get the fullest of the benefits as told in the text. It helps the body to build resistance to diseases. It is found to be extremely beneficial in upper respiratory tract infections, chronic colds, and other chronic diseases. It is highly recommended for students to improve their intellectual capacity and for adults to regain their youth and vitality.

In recurrent upper respiratory disorders, it can be supplemented with Haridra Khanda (Brihat), Maha Talisadi Choorna or Sitopaladi Choorna as per requirements

Dose: 5-10 gms with milk twice daily.

Available in sizes: 200 gm, 400 gm, 1 kg

Maha Drakshadi Rasayana

Ref: Ayurvedic Proprietary Medicine

Main ingredients: Kamalapatra (Nelumbo nucifera), Japatra (Myristica fragrans), Nagakesara (Mesua ferrea), Marica (Piper nigrum), Shunti (Zingiber officinale), Pippali (Piper longum), Badam (Prunus dulcis), Draksha (Vitis vinifera), Sugar – Sharkara, Ghee – Ghrita

Maha Drakshadi Rasayana helps treat hyperacidity, acid belching, sleeplessness, and constipation. It is very helpful in recurrent aphthous ulcers/mouth ulcers, ulcers in the alimentary canal, and in anorectal diseases like bleeding piles. It strengthens the liver and is beneficial in anemia and removing the debility arising out of jaundice. The formulation is also beneficial for dry cough and old age. In severe constipation, it can be supplemented with appropriate doses of Suvirechan or Triphala Choorna.

Dose: 5-10 gms with milk twice daily.

Available in sizes: 200 gm, 400 gm, 1 kg

Maha Kooshmanda Rasayana

Ref: Ayurvedic Proprietary Medicine

Main ingredients: Jeeraka (Cuminum cyminum), Lavanga (Syzigium aromaticum) Pippali (Piper longum), Ghee, Draksha (Vitis vinifera), Kooshmanda (Benincasa hispida), Vasa (Adatoda vasica) Sugar.

Maha Kooshmanda Rasayana is prepared with juice and pulp of Kooshmanda (pumpkin) and is intensified by the addition of Vasa Swarasa (Juice of Adhatoda Vasica) and thus helps in all cases of bleeding disorders. Excellent in the management of menorrhagia and metrorrhagia (irregular menstrual bleeding).

It is beneficial in dysmenorrhea (Painful menstruation) and is a very good uterine tonic as well. It is also good for respiratory disorders like chronic cough, allergic bronchitis, and parva shoola (intercostal neuralgia). It kindles the Agni (digestive fire) and is useful in amlapitta (hyperacidity). It helps in gaining weight and is a good memory-booster.

Dose: 5-10 gms with milk twice daily.

Available in sizes: 200 gm, 400 gm, 1 kg

Maha SowbhagyaShunti

Ref: Ayurvedic Proprietary Medicine

Main ingredients: Powder of Pippali (Piper longum), Marica (Piper nigrum), Lavanga (Syzigium aromaticum), Chavya (Piper retrofractum), Chitraka (Plumbago zeylanica), Satavha (Anethum Sowa), Ajamoda (Apium leptophyllum), Jatamansi (Nardostachys jatamansi), Jeeraka (Cuminum cyminum), Musta (Cyperus rotundus), Shunti (Zingiber officinale), Draksha (Vitis vinifera), Sugar, Ghee

Maha sowbhagya shunti is a time-tested medicine used in postnatal care. It strengthens the uterus and prevents diseases from arising due to improper management of postnatal care. It is the nectar for the lactating mother and takes complete care of the postnatal period. It strengthens the uterus and regulates menstrual cycles. Maha sowbhagya shunti is also found to be beneficial in many menstrual disorders like irregular/delayed menstruation. It is also very beneficial in obesity, arthritis and in rheumatoid arthritis.

Dose: 5-10 gms with milk twice daily.

Available in sizes: 200 gm, 400 gm, 1 kg

Shatavari Rasayana

Ref: Ayurvedic Proprietary Medicine

Main ingredients: Safed Musali (Chlorophytus arundinaceum), Musali (Chlorophytum tuberosum), Vidarikanda (Pueraria tuberosa), Chandana (Pterocarpus santalinus), Ela (Eleteria cardamomum), Shunti (Zingiber officinale), Patha (Cissampelos pareira), Brihat Gokshura (Pedalium murex), Madhuka (Glycyrrhiza glabra), Usira (Vetiveria zeylanoides), Amalaki (Embilca Officialis), Kapikacchu (Mucuna pruri), Pippali (Piper longum), Sariva (Hemidesmus indicus), Isuraka seeds (Asteracantha longifolia), Sugar, Ghee, Draksha (Vitis vinifera)

Shatavari Rasayana possesses properties such as Stanyajanana and Stanya Shodhana (galactagogue) and is useful for lactating mothers. This can also be administered in dysmenorrhoea (painful menstruation), and irregular and delayed menstrual cycles. Found beneficial in pre-menopausal syndrome and post-menstrual syndrome. Shatavari rasayana has been found beneficial in the management of female hormonal variations.

It also reduces the teekshna of pitta, used in amla pitta, parinamashoola (duodenal ulcer), burning and painful urination, and in mouth ulcers.

In severe painful menstruation, it can be supplemented with maha Hingastaka Choorana.

Dose: 5-10 gms with milk twice daily.

Available in sizes: 200 gm, 400 gm, 1 kg

Choorna

"Choorna" or medicated powders are prepared for pulverizing ayurvedic herbs. We at S. N Pandit & Sons prepare 16 powders which include powders prepared from single raw herbs and powders prepared by a combination of many drugs.

What makes S N Pandit Ayurveda's Choornas a cut above the rest?

- Prepared from potent herbs using special processes
- Prepared strictly in accordance with the quality and as told in the ayurvedic classics
- Does not contain any preservatives
- No artificial chemicals or additives added

Amalaki Choorna

Ref: Bhavaprakashanighantu

Main ingredients: Dried Amla Fruit

Amalaki Choorna is made from carefully selected Indian gooseberry (Amla). The seeds are removed and finely powdered. It is a very rich source of Vitamin C and a powerful antioxidant. It is beneficial in hyperacidity, anemia, cough, and cold. It improves immunity and makes the body fit to fight against diseases. It is an overall excellent tonic. It can be applied externally on the scalp and hair to improve the overall health of the scalp and hair.

Dose : 3-6 gms with ghee + honey.

Available in sizes: 100 gms, 200 gms, 500 gms

Syrup

Ayurvedic decoctions made from potent herbs offer health benefits

Drakshadi Paka

Ref: Ayurvedic proprietary medicine

Drakshadi Paka is an extremely palatable syrup having a sweet-sour taste that can be consumed by all ages. Drakshadi Paka improves digestion, increases appetite, and helps in good taste perception. It is beneficial for reducing vomiting during pregnancy. A very acceptable syrup among pediatrics, it helps babies in improving digestion and relieves them of constipation. It improves digestion and is beneficial in burning in the stomach & flatulence.

Drakshadi Paka is a very palatable syrup prepared from the juices of lemon, airavata, and fresh ginger juice along with the decoction of raisins and the addition of cardamom and saffron. It is beneficial in hyperacidity.

Available in sizes : 100 ml, 200 ml, 500 ml 1lt

Sogade Berina Sharabattu (Sarsaparilla Syrup)

Ref: Ayurvedic proprietary medicine

Sogade Berina Sharabattu is an extremely palatable syrup, made by completely harnessing the medicinal and volatile properties of Sariva (Nannari). Unlike other syrups available in the market with the same name, it is made by distillation of Sariva and thus preserving its medicinal and aromatic contents. It is tastefully made into a sweet syrup, with the addition of Elaichi (Cardamom) and enriches its medicinal properties with the addition of pure Kashmiri saffron. It is the best to reduce the aggravated heat (pitta) and helps fight heat exhaustion and hyperacidity. It promotes instant energy.

Available in sizes: 250 ml, 500 ml, 1 lt
